

September 29, 2017

To: All Teaching Staff

The Seine River School Division and the Seine River Teachers' Association are once again pleased to support the Manitoba Teachers' Society Professional Development Day occurring on Friday, October 20, 2017.

The day is one that is important for all teachers, whether attending as a learner or as a presenter. The MTS PD Day continues to be supported by Special Area Groups of Educators, and as such, we jointly support and thank those that participate as attendees or presenters. We also extend our gratitude to those schools that will host events.

October 20th is the only day on the school calendar that is set aside for teachers to choose professional development in their area of interest on a provincial basis. By participating in a SAGE event, you are demonstrating your commitment to broadening your skills as an educator in Manitoba.

We encourage you all to support this unique learning and networking opportunity.

Information about the 46th Annual 2017 Manitoba Teachers' Society Professional Development Day and how to register for SAGE Conferences can be found online at: <http://www.mbteach.org/mtscms/2017/09/01/mts-pd-day-2017-program/>.
